

REGIONAL TRAINING SEMINAR

Intelligent Energy - Europe programme: SUPPORT_ERS
 Optimized Support Schemes for Energy from Renewable Sources
 (Electricity, Heating, Cooling)

Banská Bystrica, Hotel Lux, June 23, 2009

FINAL AGENDA

Time	Name of the lecture / Lecturer
9:00-9:15	Welcome, opening Kvetoslava Šoltéssová, Head of Department of Legislation, Methodology and Education, Slovak Innovation and Energy Agency (SIEA, SK)
9:15-9:30	<u>Presentation on SUPPORT_ERS project activities</u> (what is already done, module by module) Pavel Starinský, Head of International Cooperation and Projects Department, Slovak Innovation and Energy Agency (SIEA, SK)
9:30-10:00	<u>Framework conditions in Slovakia for realisation of RES projects</u> (legal and administrative conditions in Slovakia, EU RES strategy, national and EU targets, prepared legislation - Act on the promotion of the use of energy from renewable sources and combined heat and power) Martin Pitorák, Principal state counsellor, Ministry of Economy of the Slovak Republic (SK) Jozef Múdry, Principal state counsellor, Ministry of Economy of the Slovak Republic(SK)
10:00-10:30	<u>Financing of Energy Efficiency and Renewable Energy Sources projects</u> (EU Structural funds, Environmental Fund, financial support to EE/RES projects in industry...) Kvetoslava Šoltéssová, Head of Department of Legislation, Methodology and Education, Slovak Innovation and Energy Agency (SIEA, SK)
10:30-11:00	<u>Experiences with preparation and realization of biomass district heating projects in Banska Bystrica Region</u> Ivan Ďuďák, Marketing director, Intech Slovakia, s.r.o. (SK)
11:00-11:15	Discussion
11:15-11:30	Coffee break
11:30-12:30	<u>Examples of best support schemes and projects for RES in the Czech Republic and the Netherlands</u> (European examples on framework conditions, market and technology development, financing ...) Juraj Krivošík, Director, SEVEN, o.p.s., Praha (CZ) Harry Meerwijk, Director, EREA - First Regional Energy Agency, Zoetermeer-Delft (NL)
12:30-12:45	Discussion
12:45-14:15	Lunch break
14:15-14:45	<u>Potential of biomass utilization and development in Slovakia</u> (current state, barriers and proposed recommendations to improve the existing situation) Jozef Víglaský, Environmental and Production Technology Faculty, University of Technology Zvolen (SK)
14:45-15:15	<u>Solar energy potential and development in Slovakia</u> (current state, barriers and proposed recommendations to improve the existing situation) Milan Novák, Director, ThermoSolar Žiar, s.r.o., Žiar nad Hronom (SK)
15:15-15:45	Discussion, conclusions and end of seminar
